

RECYCLING ELECTRONICS

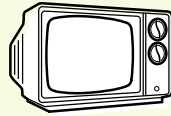

Under a State mandate which started February 9, 2006 electronics, batteries, fluorescent lamps & mercury containing devices cannot be put in the garbage.

An electronic device is any item with a circuit board. Look for products with digital displays, electrical plugs or batteries.

ELECTRONICS WITH VIDEO DISPLAYS

Video displays devices:

- Laptops
- TVs, all types
- Monitors, all types

OTHER ELECTRONICS

Small office, kitchen & bath appliances/electronics:

- computers
- printers
- answering machines
- digital cameras
- CD & DVD players
- radios
- stereos
- cell phones
- battery operated toys
- electronic ballasts

APPLIANCES

Freon appliances:

- air conditioners
- freezers
- refrigerators

Non-freon appliances:

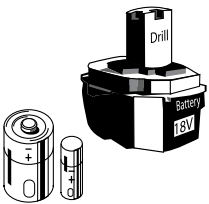

- dehumidifiers
- hot water heaters
- microwaves
- ovens & stoves
- trash compactors
- residential furnaces
- washers/dryers

About California's eRecycle fee

When you purchase a new TV or computer monitor, you will be charged a recycling fee of \$6-10, depending on screen size. The money collected is used for recycling these items. For more information, visit www.eRecycle.org

Batteries must be removed for recycling

Remove batteries from electronic devices. Dispose of your batteries properly through the Household Toxics Program. For options, see the *Sonoma County Recycling Guide* printed in the AT&T Yellow Pages phone book under Recycling.
