

# USED MOTOR OIL & FILTER RECYCLING

**Are you a do-it-yourselfer? Recycle your motor oil & filter too!**

### How to use oil collection centers:

Place your motor oil in a sealable container. It is best to use a reusable motor oil drain container that you can plan to take away with you. Make sure the oil is not mixed with any other fluids. Some businesses offer a 40¢ per gallon rebate for used motor oil.

- Collection centers typically accept no more than 5 gallons of used motor oil and 2 filters at one time.
- One or two oil filters are usually accepted for free, though some locations charge up to \$3.
- Antifreeze fees range from \$1.50 to \$3/gallon.

**Visit collection centers during business hours.** Leaving oil or any other substance after hours is illegal, punishable by imprisonment or a fine up to \$10,000.

Recycling is the **only legal way** to dispose of motor oil & filters.
